

Join PerkinElmer for an informative workshop at MARM:

May 30, 2012

1:30 PM – 5:00 PM

Room UC115

Presentations for the Workshop include:

- My Sample is Not a Liquid in a Cuvette, Now What Do I Do? (Jeff Taylor)
- How to Choose the Correct UV/Vis/NIR Accessory for Solid Sample Materials Measurement (Jeff Taylor)
- IR: "The Principles and use of an FTIR Microscope (Jeff Taylor)
- Comparative Study: LC-APCI-MS and Offline Ambient Ionization with DSA of Explosives (Josh Wilhide)

In addition, Carl Schwarz will be demonstrating the DSA ToF and Lenny Pitts will demonstrate the NexION.

Don't forget to visit PerkinElmer in Booth #10 at MARM
